

Giving Tree Apples

Do you want to play a bigger role in your child's educational success?

Have you ever wanted to show how much you appreciate an ICA teacher but not quite known how to do that?

Do you wish there was something you could do to make the learning experience even more fun (and effective) for an ICA class?

The Giving Tree gives you an easy way to do all of these and even more.

During the month of September, teachers are placing apples on the tree outside the ICA office door. Each apple contains an item our ICA teachers need to make their classroom even better.

Many of our teachers have spent countless hours and often their own dollars to set up our students for a successful year. The apples are one way ICA families can let our teachers know they aren't alone in their efforts.

If you are able to take an apple or two, please do. Then, please deliver all donations to the school library by September 30th. Don't forget to attach your apple to your donation, then it can find it's way to the correct teacher.
